

## CAN PRESIDENT CAST BALLOT IN HIS HOME CITY?

TROUBLE OVER REGISTRATION  
IN HOME CITY MAY BAR THE  
CHIEF EXECUTIVE.

CHICAGO, Oct. 30.—President Taft, who frequently refers to himself as the "titular head of the republican party," was in a quandary Saturday. The president does not know whether he is a qualified voter any more. He doesn't know whether the election authorities in Cincinnati his home city, intend to let him cast a ballot in the city elections next Tuesday.

More than two weeks ago Mr. Taft made out his resignation papers, mailed them from the Pacific coast, and thought no more about the matter. A few days later the president was notified by the Cincinnati election board that he had failed to have the proper affidavit made out to accompany the papers. At Newcastle, Wyo., where he was the guest of Congressman Mondell, the president made out new papers and necessary affidavit, which were mailed to Cincinnati. Saturday Secretary Hilles was notified that the president had failed to register properly in time.

Later in the day word came from Cincinnati that the whole matter had been put up to Secretary of State Graves of Ohio and that it was not definitely settled as to whether Mr. Taft had a right to cast a ballot. Mr. Taft is going to Cincinnati anyhow, and he would like to vote, if possible.

The Priest mill at Manhattan was today sold at sheriff's sale for the sum of \$14,680.85 to William Velth, trustee. It is said that parties are already negotiating for the mill and it will be taken over, completed and running inside of thirty days. This is good news for Manhattan.

## VICTORY HAS BEEN REPORTED FOR THE IMPERIAL FORCES

News of Defeat of Rebels Near Hankow Conveyed to Peking—Spirits of the Administration Revived by the News.

PEKIN, Oct. 30.—The report of an imperialist victory in the vicinity of Hankow, which has been received from the minister of war, General Yin Tehang, has revived the spirits of the administration. Additional confidence has been found in the conclusion of a loan agreement, which Chinese officials say has just been arranged with a Belgian syndicate having French and British connections. The loan is for \$18,000,000, the price being 96 with per cent interest. The syndicate receives 4 per cent commission.

The financial groups representing the four nations interested in the railway loan, the United States, Great Britain, France and Germany, took under advisement a proposition for a loan of \$8,000,000, but the United States financiers decided that the present was an inopportune moment.

Saturday afternoon the diplomatic body held a meeting and considered the request of the viceroy of the province of Chi Li for permission to police Tien Tsin with troops, which is contrary to the international protocol of 1902.

The ministers, however, decided to permit the viceroy to do so, owing to the serious conditions prevailing. The ministers decided also to authorize the consuls at Hankow to deal temporarily with all questions cropping up, but the seizure

## TERRIFIC SPEED HAS BEEN MADE BY AVIATOR

RODGERS FLIES 231 MILES IN  
220 MINUTES OVER STATE  
OF TEXAS.

SIERRA BLANCA, Tex., Oct. 30.—Aviator C. P. Rodgers Saturday covered 231 miles from Sanderson, Texas, to Sierra Blanca, in 229 minutes' flying time. It was the longest day's flight Rodgers has made on his transcontinental journey and in many respects the most spectacular.

Delayed by damage to his machine getting under way, Rodgers left Sanderson at 11:41 a. m. Attaining an altitude of 2500 feet he headed for El Paso. Just before reaching Alpine, his first stop, Aviator Rodgers flew into the clouds and was lost from sight for several minutes. Flying from Alpine to Marfa, Rodgers crossed Paisano Pass, 5082 feet in altitude, by 300 feet. As he swooped across the pass a superb stag near the summit took fright at the unnatural bird and dashed through the brush in panic. After a brief stop at Marfa, Rodgers again took the air and landed here at 6:37 Saturday night.

## RIVERS COMES BACK WITH A KNOCKOUT

LOS ANGELES, Oct. 30.—Joseph Rivers, the Los Angeles featherweight, "came back" in decisive fashion at Vernon Saturday evening, defeating George Kirkwood of St. Louis in the eighth round of their scheduled twenty-round bout. Referee Charles Ertan stopped the battle to save Kirkwood from further injury. Kirkwood was semi-conscious and had no chance to win. Rivers will be given credit for a knockout.

"DESERT RATS" RETURN  
FROM EASTERN STATES  
Yesterday morning two desert rats in the person of Andy Service and W. S. Bryden came in on the passenger train, direct from Franklin, Pa. Three months ago these gentlemen left Tonopah for a visit to the "old home" after an absence of many years, and since that time have been enjoying the scenes and times of their boyhood days.

Andy says Bryden began to talk "let's go back to Tonopah" before he arrived at the destination of the pair, and that they both longed for the sagebrush odor, so dear to their hearts. They both are glad to return and they report a pleasant trip. The desert, they say, for them; the east may be all right for those born and reared there, but it is too slow for them, and then again the people are so different from those of the wild and woolly Nevada men and women.

## TONOPAH HIGH WINS IN CLOSELY CONTESTED GAME AT GOLDFIELD

First Annual Football Game Between Tonopah and Goldfield High Schools Was an Interesting Event—Teams Are Evenly Matched—Next Game Will Be Played In This City on Thanksgiving.

The football team from Tonopah high school won the first of their annual contests with Goldfield last Saturday on the Columbia field at Goldfield. The final score was: Tonopah, 6; Goldfield, 5. The teams were evenly matched as to weight and experience, but Tonopah, to a man, had that fighting spirit which makes for success in any contest.

Goldfield was unable to advance the ball on most of her plays, and resorted to forward passes often. These were very effective at first but after the first quarter Tonopah solved the problem, and in only one instance after that did Goldfield gain on the pass.

The Tonopah line was far superior to that of Goldfield, and in the back field was far ahead. The particular star of the Goldfield team was Budge, the captain, who was in the game all the time, both on offense and defense.

The score does not give one an idea of the game. Tonopah was far superior to Goldfield in all departments, and it was only due to their lack of condition that the score was not much larger. Pengelly of Tonopah made the first touch down of the game in the first half, taking the ball over on a line buck.

Goldfield's only score was made in the last half and was the result of a fluke. After putting the ball, it rolled over the goal line and under a bench. Harrington, the Tonopah quarter, tried to dig it out but one of the Goldfield ends, wiggled under the bench and made a touchdown.

Harrington made a difficult goal, kicking it from the side line.

There were no particular stars on the Tonopah aggregation; they all worked hard and had grit and determination which makes for success. The teams play here Thanksgiving Day and Tonopah should win easily.

## YOUNG BRIDE DRAGGED TO DEATH WITH A LASSO

ALBUQUERQUE, N. M., Oct. 30.—With the noose of a lasso about her neck and her body covered with bruises, indicating, according to the authorities, that she had been dragged around the room until dead the body of Mrs. Gertrude Griego was found last Tuesday morning in her home at San Rafael, 100 miles west of here. She was 16 years old and a bride of only a few weeks.

Torbio Griego, her husband, and his mother, who asserted that they sat in the room next to where the body was found and heard no noise, were brought Saturday at this place and will be held pending an investigation. The arrests took place after a posse, which included Griego, had scoured the country adjacent to San Rafael and had found no trace of the murderer.

The authorities state that Torbio Griego was insanely jealous of his wife.

Today two cars of Mason valley spuds arrived from Wabuska. These are the finest potatoes grown on the Pacific coast and command the highest market price. The Tonopah and Goldfield market are selling these fine tubers at \$2.50 per hundred.

## TWELVE CARS OF HEAVY STRUCTURAL STEEL RECEIVED

The Tonopah Belmont Mining company has up to this date received twelve carloads of structural steel for their new mill, now under construction. Twelve more cars are enroute, and when this arrives and is in place, the machinery will follow, and like clock work, will be set upon its concrete foundations now awaiting its arrival. The work at the new mill is going ahead in rapid order and in a few months the big plant will be grinding out bullion galore.

All kinds of rutting and blinding at the Bonanza.

## FIRST WOMAN'S JURY IS DRAWN IN CALIFORNIA

VENUE OF NEW VOTERS CALLED BY JUSTICE TO LISTEN TO A NASTY CASE.

LOS ANGELES, Oct. 30.—The first complete woman jury to be empaneled in California will be sworn for duty in Justice of the Peace Cassidy's court, in Watts, next Tuesday.

Constable Morrish was given the names of 36 women to summon for jury service, and his return to the court showed that the women of the township fairly fell over each other in their eagerness to ascertain if their names were on the venire. Not one objection was filed.

The case this woman's jury will determine is that of Editor A. A. King, of the Watts News, who is charged with having circulated in his paper obscene and indecent language during the recent campaign of the wets and dries in that village.

## MAY MAKE ATTEMPT TO SECURE ANOTHER JUDGE

Attorneys for the Defense in the McNamara Case Dissatisfied With Rulings In Regard to Jurymen.

LOS ANGELES, Cal., Oct. 30.—Strong possibility of an appeal for change of judge marked the close of the third week of the McNamara murder trial, which ended Saturday as a general snarl. One such demand already has been refused by Judge Walter Bordwell, the refusal being backed by an affidavit from Judge G. H. Hutton, presiding judge of the twelve departments of the superior court of Los Angeles county, certifying to the impartiality of Judge Bordwell.

A further appeal, if made, would be based to a great extent, it is known, upon two rulings made Saturday by Judge Bordwell, in which he denied challenges offered by the defense against Jurors A. C. Winter and Walter N. Frampton. Both were challenged for bias. Their examination covers scores of pages of the record in the trial of James B. McNamara for the murder of Chas. J. Haggerty, one of the victims of the explosion which wrecked the Los Angeles Times building a year ago.

Both men are still under challenge, it having occurred to Attorney Leconte Davis, for the defense, after the adverse ruling of the court, that neither had been interrogated as to whether he would vote for conviction in a capital case, on circumstantial evidence alone. Each said he would not, and as this is ground for challenge, under the law, they were challenged. The state resisted, Assistant District Attorney G. Ray Horton declaring
